Farm Leaders In Dark On New Bill

BY SAM ALLRED

The presidents of two Randall County farmer's organizations and the manager of the local Agriculture Stabilization and Conservation Service presently have one major thing in common: they do not know much about the new farm bill.

Although the U.S. Senate approved a new three-year farm bill Thursday, it has not been signed by the president and the actual innerworkings of the bill are being kept a deep dark secret.

Donald F. Lloyd, manager of the ASCS, said he met Friday with the Southwest area director of the ASCS and although "he had some guesses" there has been "no official word within the framework of the law."

Lloyd said much of the questions concerning the new bill center on the amount of personal decisions deleaged to Secretary of Agriculture Clifford M. Hardin.

"Although previous administrations had limit guidelines, Secretary Hardin will now decide such questions as the amount of set-aside land that will be required, the level of the loan rate, whether there will be limitations on planting and whether any diversion payments will be made," he said.

The secrecy surrounding the new farm bill provisions have left local farmers peeking at their hole cards, according to R.B. Gist, Jr., president of the Randall County Farm Bureau and Dean Schaeffer, president of the Randall County Farmer's Union.

"We still don't know what we have yet," Gist said. "We will still just wait and see what happens. It would have been nice if we'd

Grand Jury Bills Seven

The Randall County grand jury Monday morning returned indictments against seven men, all charged with burglary by breaking or burglary of coin operated machines.

The grand jury concluded deliberations by noon Monday and will next meet December 17. Those indicted include: Garry Dale Stineman, 23, address unknown, burglary by breaking; Clarence Jules Lewis, 18, of 2807 Olive in Amarillo, burglary by breaking; Tommy Harmon Davis, 20, also of 2807 Olive, burglary by breaking.

Hog Cholera Quarantine Here Lifted

Randall County is now free of hog cholera quarantine.

This information came early this week from Dr. Joe Markham, veterinarian.

Dr. Markham said the quarantine which went into effect for portions of Randall County Sept. 17 officially was lifted Nov. 19.

Two herds of hogs totaling more than 250 head were slaughtered here about the time the quarantine was imposed.

Delinquent Taxes Back To 1939 Roll

Notices sent out by the county tax office has produced $25,709.09 in revenue from delinquent taxes, Audrey Bruse, county tax assessor-collector, said Monday.

Mrs. Bruse appeared before Randall County commissioners court on several tax matters including a plea by a number of taxpayers that penalty and interest be forgiven on back taxes.

Randall County Criminal District Attorney George Dowlen told the court that it has no authority to forgive interest or penalties as requested.

Mrs. J.C. Duling of Amarillo appeared before the court to ask that penalty and interest on 1948 delinquent taxes be forgiven. She said the tax office issued her a statement in 1952 to the effect that the taxes on her property were paid in full.

The court was in sympathy with Mrs. Duling but also agreed that nothing could be done about it. "It is something our tax asssor mishandled," said Bill Butler, commissioner from Precinct 4.

"That still doesn't relieve her of the taxes and interest," said Judge Carroll Brown.

Brown explained that in the last few years the legislature has provided for tax offices to issue certificates at a cost of $2 each the fee being a sort of insurance premium. When such a certificate is issued the fee is pooled to pay for any errors made by the tax office.

Before this provision came into law the taxpayer had no such insurance and still is responsible for his taxes regardless of failure by the tax office to bill him, Brown said.

In Mrs. Duling's case penalty and interest involved $31.23.

The court passed three orders of cancellation on taxes in three categories.

The first group included double listings and errors by the tax office since 1939. The second group included those where the taxpayers had been issued certificates, entries in delinquent abstract book impossible to read and

Tax Merger Could Require Election

Legal research is under way to determine whether an election to amend the city charter will be necessary to allow merger of the school and city tax offices.

School Supt. Jerry Jacobs Monday in a special board meeting pointed out to school trustees that the city charter stipulates publication of a delinquent city tax list annually and that the city commission appoint a board of equalization.

Jacobs said the school has no objection to publication of the delinquent list but that if the merger is achieved it will be necessary for the school trustees to appoint the equalization board.

Under provisions of the merger contract the same board of equalization would serve both the city and the school.

Jacobs said the city charter may be superceded by provisions of Article 1066b of the Revised Civil Statutes of Texas under which the merger is being implemented.

"It may take a city election to amend the charter," Jacobs went on. Presently the legal aspects are being researched by Elton Cox, who is attorney for both the school and the city.

Cox prepared a contract for the merger two years ago. The board Monday went over the updated contract point by point suggesting several changes.

The school wants the city to bring its consolidated delinquent tax roll up to date. The board suggested that time for the merger might better be set at Feb. 1 than Jan. 1 because current collections continue through January.

The school wants to continue giving 3 percent discount for payment of taxes in October with no discount therafter.

If the merger is realized the city and school discount would have to be the same. At present the city gives no discount.

The school wants an annual joint meeting of the two governing bodies to review the contract under which the tax office would be operated.

Under terms of the merger the school actually would operate the tax office for both entities under a con-

Could Disintegrate Society

Pastor On Sex

BY TROY MARTIN

Sex without responsibility, commitment and marriage will cause society to disintegrate, Dr. Gerald Mann, pastor of Hereford First Baptist Church declared here Monday night.

Dr. Mann spoke before about 150 persons at the West Texas State University Activities Center ball room.

Dr. Mann admitted that he is a maverick in his own denomination and said the church has made many errors in dealing with sex.

"I think it is a cop out to tell young people they are going to get veneral disease if they engage in premarital sex," he declared. "If that is the only reason we have to give them then we should load them up with penicillin and tell them to go ahead.

"We do have epidemic venereal disease but I don't think that is a good reason. Young people won't listen to that. It is not enough to object because of the danger of pregnancy. I don't think that is a good excuse.

"If venereal disease and pregnancy are the only reasons for objecting, we'd better just shut up and give our money to VD and pregnancy research.

"Don't say God says don't do it. There are some reasons God says don't do it.

"It is a gift of God to be treated as a gift and sacred. It is the language of love. . . my committment to another person. It was given to us so we could build a relationship.

"New morality says we can have sex without love, responsibility or committment. This destroys the purpose of sex.

"You cannot have love without responsibility. God created sex for two people. The new moralists try to separate love and sex but man's greatest need is for union and fusion. Sex gives that feeling of union."

Dr. Mann said that in sex without responsibility a person can achieve momentary union "but you have to go back again and again."

The speaker asserted that if man gratifies every physical whim he will destroy his own identity. He said the new moralists would destroy the community.

"Why have marriage at all?" he asked.

"If we follow Hugh Hefner down the bunny trail we'll wind up with a disintegrated society," he declared.

"Is there any way to have sex before marriage and it be all right in the sight of God?" he asked.

"I say no."

"Pleasure without discipline is the greatest prison I know," he went on.

On contraceptives, the minister said he does not think they should be available to persons under 18 years of age.

On sex education, he said he believes it should begin early in the home and be taught possibly in junior and senior high schools.

On abortion, he said he would be opposed to it on just any grounds and thought that this would lead to irresponsibility. However, he did name some specific grounds on which he believes abortion would be ac-

After Scrimmage Buffs Take Road

West Texas State University's basketball squad will go through its final full-scale scrimmage at 7:30 p.m. Thursday in Amarillo's Civic Center Coliseum, prior to opening its season with a rugged road trip.

The young but talented Buffaloes of coach Dennis Walling leave Amarillo Monday to play a pair of toughies in Utah on Tuesday and Wednesday. They face Weber State Tuesday night in Ogden and take on Utah State Wednesday night in Logan.

Both Weber State and Utah State played in the NCAA playoffs last season and return the bulk of their starters. Weber is led by 6-8 Willie Sojourner, a prime All-American candidate, and Utah State has a pair of All-American candidates in 6-8 Marvin Roberts and 6-5 Nate Williams.

The public is invited to attend the Buffalo scrimmage session Thursday night free of charge. A drawing will be held to give away an auto-

COC Names New Board Members

Four new members have been elected to the Canyon Chamber of Commerce board of directors to serve three year terms through 1973.

The new directors are David West, Cary Magness, Dr. Charles Smallwood and Kenneth Thompon. They replace retiring directors Bernard Warren, Dean House, Don Max Vars and Dick Dawdy.

West is a vice president of the First National Bank and Magness operates Hosea Foster Insurance Agency. Dr. Charles Smallwood is dean of the School of Agriculture at West Texas State University and Thompson is manager of the C.R. Anthony store here.

Holdover directors of the chamber include Eddie Knowles, Eddie Holcomb, C.C. Callarman, Dr. Robert West, Dr. Willis Harrison, Jim Christopher, Ralph Mardis and Gerald Warwick.

The board of directors will meet Dec. 7 to elect officers for the 1971 year.

Room To Be Named For Hosea Foster

The board room in the WT Ex-Student suite of offices will be named "The Hosea Foster Room," after the late civic leader, board members voted Saturday.

Mr. Foster was a past president of the ex-student association and longtime supporter of the University; his wife, Francis, is currently serving on the board.

Mrs. Foster, whose term ends December 31, of this year, has recently donated over $1,100 to furnish the board room with black naugahyde chairs.

The former Canyon mayor graduated from WT in 1935 with a degree in English. He was a member of Alpha Chi, scholastic society, the Scribbler's Club, and Epsilon Beta, social fraternity. He wrote a column for the WT paper, "The Prairie."

The avid sports fan followed the Buffaloes in both football and basketball. He was a member of the WT "C Note Club" and contributed heavily to the University's Opportunity Plan.

As a youth, Mr. Foster achieved the rank of Eagle Scout and served as president of the Llano Estacado Boy Scout Council at age 26. He graduated from Can-

Sandies Tip Eagle Team

Canyon High School's Eagle basketball team in its season opener came within a point of the Amarillo Golden Sandstorm in Amarillo College Gym Tuesday night.

The score was 75-74 and it was the free throws which spelled the difference in the ball game.

The Eagles laid in only 51.6 percent of their charity shots while the Sandies connected with 70.4 percent.

Harold Mann Gets Boost From Boss

Harold Mann was recommended Monday to commissioners court as a prime candidate to take over the job as county juvenile officer when Woody Pond vacates that post Jan. 1 to become Randall County judge.

Pond made the recommendation to the court declaring that Mann has been doing a good job as his assistant and that he thinks he ought to be promoted to the top post.

"Harold has done a good job and he ought to have an opportunity to fill in on my job," Pond told the court.

"If he can't do it, I'll be back up here to tell you about it." Mann resides in Amarillo.

Pond said a police officer in another city has made application for the job as assistant juvenile officer. He said the man has been in police work and has worked with boys and girls.

The court agreed that they should talk to applicants and took no action Monday on Pond's recommendation of Mann for the post of juvenile officer.

Randall County Criminal District Attorney George Dowlen asked why payment has not been made to Amarillo chemist Bill Dunn for expert testimony in two criminal cases here.

Members of the court at previous meetings had viewed Dunn's bill as excessive in comparison to amounts paid other witnesses.

Dowlen explained that Dunn worked for the county and testified as an expert witness and that if he is not paid he may refuse to work in the future. "We'll just be out in the cold," Dowlen declared.

The court took no action on the matter.

Three bids were received on three filing cabinets for the tax assessor-collector's

COVERING FUMBLES

We often found that when a student "fumbled" on moral behavior he pointed out his guilt to us by acting unreasonably good.

V.B. Hubbard, 1311 Fourth Avenue, walked away unhurt when a west bound freight train cut his hay truck in two Saturday. The trailer portion of the truck was carried about 200 yards down the track and hay was strewn over the right of way.

by Troy Martin FROM THE CANYON RIM

The Nixon administration is toying with the idea of imposing wage and price controls some time after the first of the year.

It is a little late but possibly it is better late than never.

I simply cannot see how inflation can be controlled without them. The automobile workers have gotten a hefty pay boost and now the rail unions have announced they will strike Dec. 11 unless their demands are met.

Railroad workers have turned down an increase of $1.33 an hour — 36 percent — over the next three years and say they will strike if they do not get an additional 32 cents.

All of us know where we will face those raises, at the grocery store.

* * *

The Nixon administration comes up at mid-term with few accomplishments to its credit.

The two most pressing problems facing the nation are still unsolved. These are inflation and Vietnam.

The fact that they are not solved does little credit to the Democrats. After all both situations are largely products of Democratic regimes and of course the latest contributions to inflatins, demands by auto and rail unions, are inflationary I don't think it could be denied that the leaders of those unions usually lend their support to the Democrats so the Democrats can't come to the voters in 1972 with clean hands.

* * *

Right now I don't see a single political leader on the horizon.

Muskie just doesn't have the stature and his geographical location does not make him a good candidate. I don't think tarnished Ted Kennedy will ever be a serious contender even if he were to get the nomination. I think as a national figure he is through. I might be wrong. People sometimes have short memories.

If Mr. Nixon doesn't come forward with some answers and soon he's going to be in trouble next election year but at this point I just don't see anyone to take his place.

American forces pulled off a raid to free POWs in North Vietnam last Friday.

I applaud the raid. I don't understand how it failed. How could our intelligence be so poor that they could move the prisoners to another location without our military being aware of it.

* * *

I notice Tarnished Ted the Chappaquidick kid had some snide remarks about the raid.

He wants us to negotiate instead of trying to rescue. This is about what you would expect from cool hand Teddy.

We have many things to be grateful for this Thanksgiving Day. Your patronage is counted among these blessings.

Fresh Fruit May Ordered Now From FFA

The Future Farmers of America at Canyon High School are now taking orders for fresh oranges and grapefruit from the valley.

The 40 pound boxes may be all of one fruit or half and half. Each box sells for $5.50 each and may be ordered from any FFA member or by calling the high school at 655-3921.

The boxes of fruit will be delivered the week of December 16 to 22.

G. Frank Is Taken By Death

George Frank, who received more than $4,500 from Hereford citizens this year in his last year of a 10-year battle against a kidney ailment, died Friday night at his home in Hereford.

He was the son of Mr. and Mrs. George A. Frank of Canyon.

Mr. Frank, 29 years old, had been a patient for several weeks at Parkland General Hospital in Dallas earlier this year. He returned three times for checkups afer his dismissal in June.

Mr. Frank's condition improved to enable him to undergo two surgeries recently in Deaf Smith County Hospital. Friday's sudden reversal was unexpected.

Mr. Frank was a partner in a barber business at Hereford where he had lived since 1963.

He was born April 9, 1941 in Canyon and married Margaret Westhoff Sept. 9, 1963 in Umbarger.

Funeral services were held at 10 o'clock Monday in St. Anthony's Catholic Church in Hereford with Rev. Michael Graham officiating.

Survivors include his wife; a daughter, Lisa, of the home; the parents; two sisters, Mrs. Gene Abbatillo of New York and Mrs. Lorna Pack of Hawaii; and a brother, Ernest of South Carolina.

Pallbearers were Leo Artho, Vincent Meyer, Willie Wieck, Larry Wieck, Alfred Reinart and Billy Tryce.

News Brief

Terry James Vogel, son of Mr. and Mrs. Robert A. Vogel, 2507 8th Ave., is among members of the Missouri Military Academy Marching Band and Fusileers Drill Team which will perform Sunday on a nationally televised football halftime show.

The performance will be seen during the halftime of the St. Louis Cardinals-Philadelphia Eagles professional football game

Our World

BY ANN BROWN

Man has had problems since the day he was expelled from the garden of Eden. He will continue to have trials as long as he lives in this world. Eternal vigilance is still the price of liberty; but at this season of the year, Americans traditionally take their eyes off their troubles, and focus on their blessings.

With all our problems, America is still the most fortunate nation on earth. Texas is the most blessed state in the Union, and the Panhandle is surely the garden spot of Texas.

Ingratitude sires a host of heinous sins. Man cannot fret about his troubles while enumerating his blessings. So if we simply take time to sit down and count our blessings, it is sure to alleviate some of our problems.

God compared His people to the sheep of His pasture. Sheep are very peculiar creatures. All other animals have some kind of defense against their natural enemies; sheep have none — except the shepherd. Other creatures have a kind of built-in radar system which enables them to find their way home. Not so with the sheep.

It is difficult to take an unwanted cat or dog far enough from home that he cannot find his way back. A cow instinctively returns to her barn from the farthest watering place. A horse can be given the rein in the most blinding snow or sandstorm, and he will unerringly return to the home corral. But when a sheep is lost, the shepherd must go out and look for it if he expects to see it again.

It was in deep appreciation to the Divine Shepherd for His protecting care and bountiful provision that Thanksgiving Day was first observed by the Pilgrims in October, 1621. Scores of them had died of starvation, disease, and the bitter cold the previous winter.

After a year of backbreaking toil the harvest season found the Pilgrims with ample food for the winter, and houses and firewood to protect them from the cold. They set aside a special day to give thanks to their Crator for His blessings.

For the meager food, shelter, and fuel our forefathers were humbly grateful. We have abundant food supplies, and other comforts and luxuries beyond number. The majority of Americans no longer work a 12- to 14-hour day, but have leisure to pursue literature, the arts, recreation, or entertainment. We have miracle medicines and marvelous medical doctors to make us well, or at least keep us relatively comfortable from birth to death.

Americans have the highest standard of living and the longest life expectancy of any people on earth. We have more freedoms, opportunities, and advantages than any other nation enjoys. We are still free to move wherever we like and to worship God as we please.

Our beloved Country probably faces more problems than at any time in its history — certainly since the Civil War. Should we not express gratitude for our blessings, and acknowledge our dependence on the Divine Providence that has brought us safely thus far? May we dedicate this season to humble thanksgiving, and prayer for guidance, deliverance, and a return to righteous living.

Dare we spend this time in the usual rapacity, revelry, and recreation when our need of Divine favor is as great as our blessings? If we continue on our thankless way, is God likely to deal any differently with us than He did with the ungrateful servant Jesus described in Matt. 18:23-35?

Girls Down Quitaque Team 60-22

Canyon High School's girl Eagles crushed Quitaque 60-22 here Tuesday night.

The Eagles took an early 21-6 lead in the first quarter and were never challenged. They led 37-13 by the half and had pushed the margin to 49-15 by the end of the third period.

Leta Gill with 26 points led Canyon scoring. Lynette Slack was next with 14 and Marilyn Read and Ginger Curry each accounted for six points.

The Eagles sank 12 out of 25 free throw tries for a 48 percent average. No one fouled out of the game.

Lynette Slack got six rebounds and Ginger Curry five.

The sophomore girls lost 42-38 to Alamo Catholic.

Both girls and boys teams will play at Lockney Saturday with action starting at 5 p.m.

Probation Given After Guilty Plea

A 22-year-old California man who was hitchhiking through Amarillo was placed on three year's adult probation Tuesday in 181st District Court for his participation in an Oct. 16 service station burglary.

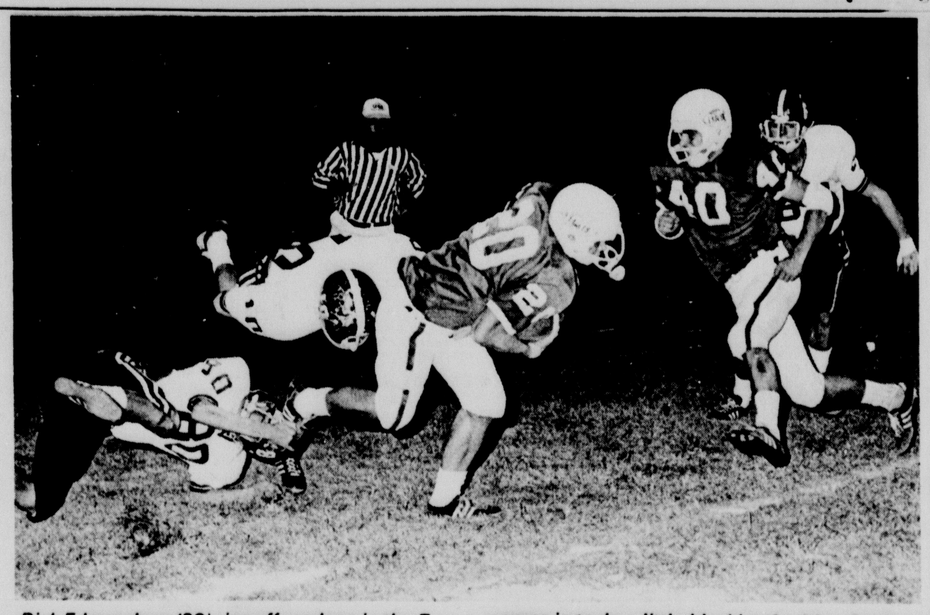
Don David Thompson pled guilty to the burglary charge and was assessed the three year term. The Navy veteran told Judge Don Dean it was his intention to try to re-enlist in the Navy when he had satisfied the terms of his probation.

Lad Wins Tourney

Bill Turner, 12 years old, took top honors and a turkey Sunday in a turkey bird golf tournament at Canyon City Club.

Bill fired a 42 on nine holes and with a handicap of 8½ he had a net of 33½ for the tournament.

Marvin Fritz got the other turkey for placing second. He shot a 50 with a 15 stroke handicap.



Rick Edmondson (20) rips off yardage in the Tulia game while teammate Cliff Prichard (40) comes in to do a little blocking for him. Canyon defeated Tulia 26-0.

CollegeBYW Has Progressive Dinner

The College Baptist Young Women at the First Baptist Church led a Progressive Missionary Dinner Sunday at 4:00 p.m.

The group met at the Jesse Moses home for a hot tomato drink and nachos and a short study of Baptist missions in Mexico. The group then went to the Claiborn Crain home for a tropical fruit salad with marshmallow topping and a study of the missions in the Bahama Islands.

At the Ocie Chism home the group tasted minestrone soup and a study of the Italian missions. For the main course of turkey, dressing, green peas, cranberry sauce and hot rolls the coeds adjourned to the home of Mrs. T. H. Knighton. There the group studied Turkey.

Mrs. A. L. Walsh served dessert of pumpkin pie with whipped cream and hot punch. Switzerland was the mission studied at the final stop.

Hostesses for the progressive dinner included Mrs. Jesse Moses and Mrs. Claiborn Crain, BYW sponsors; Celinda Chism, Mrs. T. H. Knighton, and Gail Long.

Those attending the dinner were Linda Thompson of Electra; Janis Britton of Brownfield; Judith McClaran of Idalou, BYW president; Francis Hampton of Littlefield; Carla Hedges of Amherst, Home Mission chairman; Gail Long of Canyon, Mission Action Chairman; Jan Williams of Canyon; Charlene Houk of Littlefield; Celinda Chism of Canyon and Mesdames Moses and Crain.

Buffs Complete Winning Season

West Texas State University's Buffaloes completed their sixth consecutive winning football season Saturday with a 14-11 victory over the University of Southern Mississippi Southerners.

Head coach and director of athletics Joe Kerbel pushed his 11-year record at West Texas to 68-42-1 with the 7-3 season.

The Buffaloes recorded wins over Wichita State, East Carolina, Northern Illinois, New Mexico State, University of Texas at Arlington, Bowling Green and Southern Mississippi, but lost in encounters to Lamar Tech, North Texas State and Western Michigan.

Four of the Buffaloes pushed into the school record books. Little Matias Garza tied one record twice, set one mark and then later broke that same record.

Garza, 147-pound junior, twice, against New Mexico State and Bowling Green, tied the school record for the most field goals in a single game-three. Against Northern Illinois he set a distance record with a 53-yard field goal. He came back to break that standard with a 56-yarder against Bowling Green.

Senior safety Raymond Brown set a school record with four pass interceptions against New Mexico State. In that clash, his old number 27 jersey was misplaced. Brown wore number 12 in that game and, because of his performance, continued to wear the new jersey for the remainder of the year.

Sophomore quarterback Ed Holwig became the school's sixth leading passer by hitting on 87 of 168 passes for 1,097 yards and six touchdowns. The 87 completions by the 6-4, 215-pounder from Highspire, Pa., places him sixth among the school's all-time leaders. He needs only 11 pass completions next year to move in front of Royce "Bubba" Hillman for fifth place.

Holwig's favorite receiver, split end Daryl Wynn, caught 25 passes this fall and now has a career total of 40. That number places him eight among the career leaders. The Follett junior will need four receptions next fall to move into the seventh slot, in front of Bill Cross.

Jr. 4-H Leaders Plan Bake Sale

The Randall County 4-H Junior Leaders met recently to plan the upcoming bake sale and Christmas party.

Connie Brazzil called the meeting to order and Linda Hales led the pledge and motto.

The Junior leaders bake sale will be held at Cooper's Market from 9:00 a.m. to noon December 19. The bake sale committee includes Jamie Middleton, Millie Hales, and Sue Kirby.

The annual Christmas party was planned for Saturday night, December 19. A square dance will be held and members may bring guests. The refreshment committee includes Sue Kirby, Billy Dugan, and Joe Smith.

The decorations committee for the Christmas party includes Jamie Middleton, Willie and Linda Hales, Jim Grabber, and Connie Brazzil.

Present at the meeting were Connie Brazzil, Billy and Randy Dugan, Linda, Millie, and Willie Hales, Rhonda Hales, Glenda Hollenstein, Sue Kirby, Joe Smith, Jamie Middleton, and Jim Grabber.

Mrs. Anton Hollentein is leader of the group.

Feast Held By HD Club

The Texas Home Demonstration Council met recently at the Farm Bureau Building.

The Westside Home Demonstration Club gave the opening exercises. The minutes were read and the financial report was given. Each club reported on their activities for the month.

The price of the yearbook has been raised from 50 cents to $1. The book will cover a year and one-half of programs.

The 4-H leader report was given. It was announced that the Christmas party for all the home demonstration clubs will be held on December 7 and a nursery will be provided.

Infant Rites At Midland

Christi Darlene O'Donnell, infant daughter of Mr. and Mrs. Michael Allen O'Donnell of 2104 Ninth Avenue died Sunday night in Northwest Texas Hospital.

Graveside rites were held Tuesday morning at Rest Haven Memorial Cemetery in Midland with Rev. Charles Thornton, pastor of First Methodist Church of Garden Dale and Rev. Sam Auslam, pastor of St. Paul Methodist Church of Midland, officiating.

Survivors, other than the parents, include a sister, Tracy Sherise of the home; paternal grandparents, Mr. and Mrs. Frank O'Donnell of Midland; the maternal grandparents, Mr. and Mrs. S.L. Camp of Midland; and two great grandmothers, Mrs. Bertha McFarlin of Ponca City, Okla., and Mrs. America Calhoun of Hempstead, Texas.

News Brief

Fire damaged the J. D. Brock home at 2107 Eighth Avenue Monday morning.

Mrs. Brock said the blaze started in the kitchen somewhere about the stove. The kitchen was damaged and an undetermined amount of smoke damage was done to the remainder of the house.

HAPPY THANKSGIVING

TO ALL OF OUR LOYAL PATRONS AND FRIENDS

We wish you a day blessed with abundance. Let us pause to give thanks, as did our Pilgrim forefathers that first Thanksgiving.

known what we were going to have to live with some time ago."

Schaeffer said that he was "pretty well up the same tree."

"I know this $55,000 limit per crop is not going to affect too many farmers in this county," he said. "Our local people are going to be affected more than anything else by the decisions the secretary makes all along the line."

The months of delay in adopting a farm bill has already forced local farmers to mix scientific farming and guesswork.

"We just sort of had to guess what the allotment program was going to be and work the land accordingly," Gist said. "Most of the farmers already have their wheat down without knowing what their actual allotment percentages will be."

Gist said he understood that under the new farm bill there will be no diversion payments and "if this is a fact it will hurt quite a bit." Schaeffer went a step further.

"With no diversion payments, where is the incentive for the farmer to go ahead in business?" he said. "Under present prices the dry land wheat farmer in our area, on the average for the last few years, has put about a $1 a bushel in raising his wheat. If he only receives $1.25 for the bushel he does not have enough margin to live."

A spokesman in U.S. Rep. Bob Price's Washington office said Monday the questions will remain unanswered for the next couple of weeks.

"The president is sitting on the formal signing date of the bill," the spokesman said. "The Agriculture Department is now working on the rules and regulations for the new bill and will probably not release any information for between a week and two weeks."

The decisions facing the Secretary of Agriculture have tremendous importance in Randall County, according to Schaeffer.

"With no program at all the family farmer is dead," he said. "The program has been going so long now the farmer's economy is dependent on it. The success of the program as far as the local farmer is concerned depends entirely on these decisions."

Schaeffer said a delay of an additional two weeks is not likely to tip the scales one way or the other.

"At this stage another two weeks are not going to make any difference," he said. "If there has been any harm done it has been done already."

rebound with 10 seconds on the clock to narrow the score to 75-74 but time ran out before the Eagles could get the ball again.

Eagle John Green led scoring in the ball game with 21 points.

David Van Vliet, a senior, sank two free throws in the last 20 seconds to win for the Sandies. He scored 17 points in the ball game.

Dan Cockrell scored 13 points for Canyon.

The Eagles trailed 15-11 by the end of the first quarter and were behind only one point 30-29 at the half. The score was 53-49 at the end of the third period.

Canyon's Junior Varsity lost to the Amarillo Junior Varsity 70-66. Roy Markham was high scorer for Canyon with 17 points and Ben Richardson was second with 16.

Three bids were submitted for a motor grader for Precinct 3. These also were tabled pending study of the bids.

In other business the court agreed to extension of an agreement with Data Services Inc., of Plainview for processing tax receipts provided all five receipt carbons can be made legible.

The court also discussed several tax matters with Mrs. Audrey Bruse, tax assessor-collector.

ceptable.

On pornography, he said "I am against pornography on the grounds it is unrealistic and arouses eroticism among the immature." However, he said he is against the principal of censorship of the media.

Earlier in his talk Dr. Mann said the so-called new morality isn't really new at all. He said it was being argued before the time of Christ.

Dr. Mann referred to a book on situation ethics by Dr. Joseph Fletcher which he said was a protest against old morality.

He said that since the time of Augustine religion has often looked upon sin and sex as synonymous since Augustine associated sex with sin. He said we are heirs to Augustine through Calvin who looked upon sex as punishment of the flesh.

In Victorian times, he noted, books by men and women authors were even placed on different shelves.

He quoted Dr. Fletcher as saying the Biblical laws are mouthpieces of the culture of the day. But he said Dr. Fletcher admits that sex without committment is an affront to society and that the order of society rests upon chastity.

During a question and answer period he declared that Sweden is the most useless society in the world.

He said Russia tried a free love society just after the revolution but soon found that an ordered society could not exist under such conditions.

He declared that Russia now has the strictest moral code on the face of the earth.

Jacobs said that barring legal snags the merger probably will be effected.

Two years ago the city and school failed to merge the two offices because an agreement could not be reached on adjustment of valuations. If the offices are merged both entities must have the same valuations.

In other business, the board Monday accepted an audit report by E. T. Cummings, subject to corrections.

Buffs. . .

(Continued from Page 1)

graphed basketball and several season tickets.

Walling's Buffaloes return only one regular off last year's 12-13 team. The squad is composed of three seniors, three juniors and nine sophomores.

Ed Fitzgerald, the lone returning regular, averaged 12.6 points per game and pulled in 9.5 rebounds. The 6-6, 230-pound senior is expected to start at a post position this year.

Other senior lettermen are 6-10 John Burkhalter and 6-3 Lou Koning.

Although they are young, there is talent galore among the underclassmen. Steve Davidson, 6-7 junior college All-American, heads the group of youngsters. The 215-pounder from Flushing, N.Y., combines great quickness with his size.

Ray Golson, 6-3 guard, was a teammate of Davidson's at Christian College of the Southwest in Garland, Tex. The New York junior earned all-regional honors at Christian College. The other junior is 6-3 Glen Fletcher, the third junior college transfer on the squad. He earned all-regional honors at Howard County Junior College in Big Spring, Tex.

Leading the sophomores is 6-5 guard Ralph Houston, who sat out last year after transfering from Southern Colorado College. Cleotis Reece is a 6-6 letterman last year, who became a sophomore at the semester last season. Brent Lake, 6-2, is another red-shirt sophomore.

Up from last year's 21-5 freshman team is 6-4 Keith Batiste, 6-6 Jerry Christian, 6-5 Scott Doores, 6-3 Bob Thorpe, 5-8 Kyle Sunderman and 6-0 Mike Rodriguez.

Batiste led the freshmen in scoring with a 20.4 average. He, Christian and Doores are battling for a starting berth. Christian scored 17.5 points per game and pulled in rebounds at a 10.5 average. Doores totaled 10.5 points per game and Rodriguez scored at an 11.8 average.

The Buffaloes will play all 13 of their home games this year in the Amarillo Civic Center, which is considerably larger than the Buffalo Field House on campus. They open their home season Dec. 10 against Eastern New Mexico University.

yon High School in 1931, playing football under Mitchell Jones, now WTSU faculty member.

Mr. Foster was one of the founders and past president of the Eagle Quarterback Club.

In 1936 the insurance and real estate man joined the Rotary Club and at the time of his death in March, 1968, he was the organization's president-elect.

Mr. Foster served as a member of the Canyon Independent School District board of equalization for many years.

Mr. Foster was a Director of the First National Bank and the Amarillo Savings and Loan Association. He was co-developer, with Taylor and Sons, of Pioneer Estates.

The farmer-stockman had extensive agricultural holdings in Randall and Deaf Smith Counties.

He was a member of the Methodist Church, the Masonic Lodge and the Shrine.

Notices. . .

(Continued from Page 1)

errors in posting.

The third group included those where tax certificates had been issued although delinquent taxes for many years ago had not been found in the tax office.

Mrs. Bruse said she sent out 8,628 delinquent tax notices in July for delinquent taxes dating back to 1939.

This cost the county about $520 in stationery, labor and postage and produced more than $25,000 in revenue.

Mrs. Bruse said taxes involved sometimes exceeded $100 but for the most part the amounts involved were small.

"Many of the people who received notices had no idea they were delinquent," Mrs. Bruse said. "Often it was for the year they bought the property involved and the tax notice went to the previous owner who neglected to forward it. Delinquent tax notices were not sent out and they didn't know they owed anything."

She said the penalty and interest often was more than the original taxes. She noted that interest is 6 percent and that penalty is a one shot 8 percent.

"It made me quite unpopular," said the tax assessor-collector. "The first inclination was to blame for the delinquent taxes. I was on the phone constantly.

"I explained that just because they didn't know about the taxes wouldn't make them go away. They just keep growing."

AA Group Meets Here

Some 85 persons attended a round robin meeting of the North Texas District of Alcoholics Anonymous Sunday at the Canyon Community Center.

The meeting featured three speakers from 2 p.m. to 5 p.m.

As we dine with all of our family and friends, let us remember to give thanks for all our blessings.

Miss Patricia Ann Salmon

Miss Salmon To Wed

Mr. and Mrs. Marvin Salmon announce the engagement and approaching marriage of their daughter, Patricia Ann, to Sherman McCarter, son of the late Mr. and Mrs. W. A. McCarter.

The wedding is being planned for December 27 in the Joseph Hill Chapel on the WTSU campus.

The bride-elect received her Bachelor's and Master's degree in Business from WTSU and is employed at Caprock High School in Amarillo. She is a graduate of Canyon High School.

The prospective groom attended Canyon High School and Republic National College and is employed with Ideal Food Store.

Chi Upsilon Has Artist's Program

The Chi Upsilon chapter of Beta Sigma Phi met for a regular meeting last week in the Speck Benham home.

Mrs. Lewel Johnston, chapter president, called the business meeting to order with 12 members present. Mrs. Johnston led the Opening Ritual that was given in unison.

Mrs. Melvin Tucek decided to become active with the chapter and her name was taken from the inactive list. Mrs. Jack Mims, a transfer from Stanton, also joined the chapter.

Thank you's were read from Mrs. Phil Fletcher, Mrs. Bob Costley, and Brenda, the child from the children's home.

It was announced that Mrs. George Stevens, and April Lawrance will give the chapter 10% from all items that members buy at their store, The Better Mousetrap, through the Christmas season.

The chapter discussed holding a concession stand at the Junior High School girl's basketball home games.

Mrs. Carl Sims was in charge of the program, "The Artists' Landscape," which was presented by Mrs. Bud Selvidge, owner of Zelma's Art Studio in Happy. She painted a fall landscape picture at the meeting.

Mrs. Selvidge extended an invitation to the group to attend an art exhibit at the Happy High School cafeteria at 2 p.m. December 6. The show is sponsored by the Happy Artists Club.

Mrs. Speck Benham won the door prize at the meeting.

Refreshments were served by Mrs. Speck Benham with Mrs. Bob Costley serving as co-hostess.

The next meeting will be held December. 2. The executive board meeting will meet at 7:00 p.m. and the regular meeting will be held at 7:30 p.m. Mrs. Jerry Costley will be hostess, Mrs. Lester Crow will serve as co-hostess. Mrs. Crow will also be in charge of the program.

Mrs. Woodard Honored At Recent Parties

Mrs. Charles Edward Woodard, the former Pam Sternenberg, was honored with two showers recently.

A miscellaneous shower was held in the J. Manly Bryan home the evening of October 22.

The refreshment table was decorated in the bride's chosen colors of pale and azalea pink. Assorted party sandwiches, mints, nuts, and punch was served to guests.

Hostesses for the event were Mesdames Harold L. Erwin, B. L. Hufnagle, Floyd Tomlinson, J. B. Roberts, Clayton Kelley, W. J. Wooten, Jack Taylor, Nolon Henson, Murphy White, Ed Bourn, Charles Smallwood, W. A. Cooper, Jess L. Rhodes, Francis Shell.

Mrs. Woodard was also honored with a personal shower by Mrs. Della Henry and Mrs. Ramona Elliott, owners of De'ons. The refreshment table carried out the bride's colors and served mints, cookies, and punch.

People who cook with pride cook with GAS. Mrs. Rolan Simpson does.

Some of the world's best cooks are found in the kitchens of America, and they give themselves every cooking advantage, like gas range cooking.

Good cooks like Mrs. Simpson and nine out of 10 professionai chefs agree that precise temperature control makes the difference in good cooking, and with gas you get exactly that. Gas also gives immediate response and constant temperature, so important in oven cooking.

So, give yourself every advantage and cook with gas. Remember, people who cook with pride cook with gas.

Here's one of Mrs. Simpson's favorite recipes.

PIONEER NATURAL GAS COMPANY

WALNUT ROLL

Mrs. Rolan Simpson, 3213 56th St., Lubbock

Brush a jelly-roll pan, 10 x 15 inches, with oil, line it with wax paper, and oil the paper.

Separate 7 eggs. Beat the yolks with ¾ cup sugar until the mixture is pale in color and thick enough to "ribbon." Beat in 1½ cups ground walnuts and 1 teaspoon baking powder. Fold in egg whites, stiffly beaten. Spread the batter in the prepared pan and bake the cake in a moderate oven (350 degrees) 15 or 20 minutes or until it is golden. Cool the cake in the pan, cover it with a damp towel and chill it.

Dust the cold cake generously with sifted confectioner sugar and turn it out on a board covered with two overlapping sheets of wax paper. Carefully strip the paper from bottom of cake. Spread cake with 1 cup heavy cream, whipped and flavored to taste with sugar and vanilla. Roll up the cake, using the paper as an aid, slide the roll onto a flat serving platter. Sprinkle with more confectioner sugar. (Rum or almond flavoring is also good.)
